Volunteers are the heart of our organization.

They work under the supervision of the Hospice Care Interdisciplinary Team serving patients with life limiting illness and their families. Volunteers may have specific roles within the home setting or assist Hospice of Kona in other areas.

**There are many needs as Hospice growth continues, and the need for volunteers is increasing in areas of Massage, Reiki, Bereavement, music & haircutting. Or, keeping a patient company while the caregiver runs errands. If this is your area of expertise or interest please consider contributing some volunteer time for our patients and their families.**
